Audience: teachers, administrators, coaches, instructional specialists

Featured Presenter: Dr. Laurie McCullough

**Director of Student Achievement & Program Evaluation, Charlottesville City Schools
VASCD Curriculum Leader of the Year 2008**

This session is for teacher leaders and administrators who provide assistance to colleagues through coaching. Based on the introduction to coaching from Part 1 in February 2010 and March 2009, this session will involve more in-depth work with the coaching process. Participants will compare three models of coaching and assess the applicability of each to their own roles. Case studies and reflective practice groups will be used to generate recommended actions in challenging coaching situations. Specific tools coaches use for organization, planning, and communication will be shared.
